Dear Mr. Oliver,

Office of PAGR

Nov 15, 2011

I have never written an appeals letter so please bear with me.

RECEIVED

I am a bit old fashioned and do not own a computer. I do have a word processor but it sits on a top shelf in my closet. Also I am very fond of the written word. Hope you can read my hand writing.

I am writing in regard to the closing of The Linda Springs, KS Post Office, Docket number 1364712-67051

I have Grandchildren and other family that I often send packages for Birthday etc. I will now have to drive 10 miles to the nearest P.O. With the high cost of gas this will be a hardship when now I can walk one block to our P.O. We also have to drive to town to get stamps.

I am a letter writer and correspond with family through letters & cards but to mention without a computer I mail my bills.

I realize Post Offices are being closed all over in small towns and just read of a possible closing in Topeka, KS. In a large town there are several offices. We have only one. Please do not close our office.

Sincerely Linda Estrada
